28th March 2012 - For Immediate Release

J Craft celebrates Chinese debut at Hainan Rendezvous

J Craft, Sweden's leading manufacturer of luxury day boats and tenders, will make its Chinese debut at the Hainan Rendezvous this April, China's premier high net worth exhibition.

The J Craft team will be showing off the 42ft Torpedo – a powerful motor launch that packs state of the art technology, sea going ability and luxurious comfort into one evocatively styled vessel.

Speaking ahead of the event, J Craft's CEO, Aleks Milakovic, said, "This an exciting moment for J Craft. We are going into a market with huge potential and the initial market feedback has been incredible. We hope to emulate the success that we've enjoyed in Europe and in the USA here in China over the coming months. We are in advanced talks with a potential dealer partner and we are confident that we are putting the right infrastructure in place to develop a strong and dynamic J Craft business in China."

J Craft has seen substantial growth in all regions over the past two year's, particularly in Europe which has enjoyed a record start to 2012.

J Craft will be exhibiting at the Hainan Rendezvous between the 5th and the 8th April and can be found on Stand 6JB.

About J Craft:

J Craft hand builds classically styled yet inherently modern luxury powerboats in the best traditions of Swedish boat building. A distinctive style, fine craftsmanship and use of exquisite materials, coupled with robust engineering and real-world usability makes J Craft unique in the marine industry. The company's Torpedo is a 12-meter (42ft) powerboat that can be used either as a tender or as a stand-alone vessel. Its twin Volvo PENTA pod mounted engines deliver incredible power and maneuverability, propelling the Torpedo to a maximum speed of 50 knots and giving a range of 350 nautical miles.
